INTERNING AT PUBLIX

What will my internship be like?
Internships at Publix are paid, and you'll work regular hours, just like a real job. A Publix internship has real tasks, deadlines, and working relationships.

Publix's summer internship lasts 10 to 12 weeks, between May and August, at our company facilities primarily in Lakeland, Florida. Interns are offered competitive pay and are generally expected to work 40 hours per week, although this varies by department. We partner with Florida Southern College to provide housing for our out-of-town interns.

As a Publix intern, you can expect to:

- Receive performance evaluations twice during the summer
- Attend luncheons with Publix executives
- Participate in a local community service event
- Be invited to several after-work socials, and
- Give an end-of-summer presentation to a large group of Publix leaders and executives

Internship Opportunities
Our internship openings vary. The following departments have hosted an intern:

- Business Analysis & Reporting (BAR)
- Corporate Accounting
- Corporate Purchasing
- Corporate Quality Assurance
- Distribution
- Facilities
- Human Resources
- Information Technology
- Loss Prevention
- Manufacturing
- Marketing
- Pharmacy
- Public Affairs
- Real Estate
- Risk Management

Interested in an internship?
Applicants must be actively enrolled in college, and meet other requirements based on the department offering the internship. All internship opportunities are posted online at **publix.jobs/currentopenings**.

Positions are posted in February, with intern selections made by late March. You must apply online to be considered. Resumés sent by email or mail are not considered applications. For more information regarding our internship program, please visit **publix.jobs/internships**.
