

## Analog Speaker Phone

DES has a speaker phone that can be used on an analog phone line.

Analog phone lines:

- Room 334, Jack 3016V, (under smartboard)
- Room 223, Jack 2097V, (front/right)
- Most FAX lines

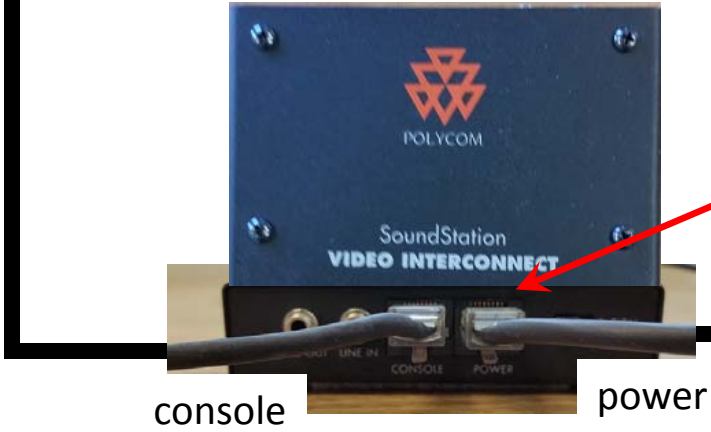

Call a single phone number. Analog lines do not provide conference call capability. For conference calls, use a separate call service.
